Grundtvig	2	58
Comenius	1	59

Which are the major challenges for our Municipality?

- 1) Services for disabled
- 2) Construction of a swimming pool
- 3) Construction of a supermarket
- 4) Construction of camping areas
- 5) Construction of parking areas
- 6) Construction of a cinema and a theater
- 7) One of the major challenge for our Municipality is principally the construction of cultural structures like cinemas and theater
- 8) One of the major challenge for our Municipality is the construction of a municipal swimming pool
- 9) One of the major challenge for our Municipality (but in my opinion that the municipality could definitely deal) is the construction of facilities for disabled in public places and services for the citizens
- 10) A necessity for the people of Castelbuono, and a request for our town officials, is to find a place where we can bring together the musical and theatrical associations and any other body that deals with culture
- 11) A challenge for our municipality is the arrangement and the improvement of the public park "delle Rimembranze"
- 12) Even if the city is not very big, Castelbuono, especially in the summer, has a problem of lack of parking
- 13) Double park along the streets
- 14) The pavements of the city centre are full of bars
- 15) Enter to the city centre by car
- 16) Creating of green areas and playgrounds
- 17) To strengthen refuse collection
- 18) Many teenagers get drunk

- 19) Guarantee of street illumination
- 20) Reinforce the collection of waste and provide the service equally to all inhabitants
- 21) The challenge for our Municipality is building of facilities for children, teenagers and adults for their free time
- 22) Our Municipality always assigns public works to the same companies
- 23) The town should not allow pubs to sell alcohol and cigarettes to minors
- 24) Providing a public bus for children and students of primary school living in countryside
- 25) I think the biggest challenge for our Municipality is to attract young people into the field of politics
- 26) The biggest challenge for my town is not to increase further taxes for the citizens and provide work for those who need it.
- 27) The biggest challenge for my Municipality is making the events more attractive
- 28) The biggest challenge in this city is the sport
- 29) Young people in the evening often change city because our city isn't fun
- 30) The major challenge is to build a cinema
- 31) The major challenge is to build an indoor pool
- 32) To form a women soccer team
- 33) The major challenge is to create halls where young people can meet in their free time
- 34) The major challenge is to restructure the municipal playground
- 35) The major challenge is the foundation of a listening center for young people with problems
- 36) Ability to maintain essential services for the disabled and older despite funding cuts from the state and the region, because of the famous crisis
- 37) To attract young people to political and social life of the municipality
- 38) To increase the percentage of separate collection
- 39) To protect citizens of any age who move on foot
- 40) Allowing society to have a healthy life

- 41) Treating of public green in my city
- 42) To keep clean the streets
- 43) Our Municipality should do more project especially for young people
- 44) Better equipment for disabled people
- 45) To reinforce the public transport.
- 46) Places for youngsters free time
- 47) Major Involvement of youngsters in politics
- 48) In my town, almost always, a problem is finding parking for the car, inhabitants many times are forced to Park far from home
- 49) Our municipality should make available and accessible the large gym it owns
- 50) To create a dialogue between the Municipality and citizens
- 51) In my country, children attending elementary and middle school, they don't have the canteen service but must bring a sandwich from home
- 52) To avoid the invasion of deers and wild boars in "Parco delle Madonie"
- 53) To use again a campsite 1 km far from the city, where there are a swimming pool, bathrooms and restaurants
- 54) I think the biggest challenge for the municipality is to give more services to young people so that they can have fun
- 55) I think the biggest problem is the little leisure sports allowed for young
- 56) I think the major challenge is for sport, entertainment and waste collection
- 57) I think the biggest challenge for my town is provide leisure activities to young
- 58) I think the biggest problem for my tow is encourage the culture and make the interest of the entire population and not only youngsters
- 59) For my town the biggest problem is the separate collection

- 18) The municipality should build a swimming pool, a gym, a library and a recreation room, to give people the opportunity to spend their free time there, instead of passing it on the street
- 19) Municipality should give all the companies the opportunity to participate (see challenge No. 22)
- 20) The pubs before selling alcohol and cigarettes should ask for a document of recognition (see challenge No. 23)
- 21) The municipality should create a route for countryside (see challenge No. 24)
- 22) The municipality should organize debates open to young people and open new centers for youth politics (see challenge No.25)
- 23) The concrete actions are to improve services and try to carry out policies in favor of needy people
- 24) It should organize events that attract people, especially tourists
- 25) The municipality should organize events open to all, not only private ones!
- 26) It should give more incentives to young people and create events
- 27) Our municipality should make available facilities that belong to the municipality so that everyone can use this service
- 28) To find a place to build a pool and obtain the funds to complete this project (se challenge No. 31)
- 29) To find a suitable place to train and play soccer (see challenge No. 32)
- 30) To give people some public halls for their activities
- 31) To invite people through an offer to collaborate for the renovation of playground
- 32) To provide a community hall and look for competent people to help young people to solve their problems (see challenge No.35)
- 33) The municipality should perform equally these services, using different funds (see challenge No. 36)
- 34) To make young people aware to the problems of today's society
- 35) It should make it clear to the public the true damage caused by the waste on our planet
- 36) Building of areas for pedestrians as traffic islands, sidewalks and pedestrian crossing(see challenge No.39)

- 37) Giving citizens the necessary tools such as a gym, swimming pool and other public places for physical activity (see challenge No.40)
- 38) To employ competent people (see challenge No.41)
- 39) It should employ more street cleaners
- 40) It should implement various action with the other nations of the UE to start more project in the territory
- 41) It should build structures for disabled people, provide parking areas and places for them to meet and play, especially for children
- 42) To make available cheap transport for all the citizens (see challenge No. 45)
- 43) To build recreation room, parks, library and make available public halls for studying (see challenge No. 46)
- 44) It should organize meetings to talk to young people who are interested in politics
- 45) The municipality could create new parking areas for tourists and other ones for the citizens. You could put indicative signs (see challenge No. 48)
- 46) Maybe buying new equipment and arranging the territory according to the age of the persons involved
- 47) The mayor may organize meeting to listen to the proposals and make a comparison with citizens (see challenge No. 50)
- 48) The municipality, legally, could instruct someone responsible to provide this service, to prepare starter and main meal for children (see challenge No. 51)
- 49) Our Municipality, along with the other municipality of this territory, they should collaborate to capture these species and find a place where they can live without causing injury (see challenge No. 52)
- 50) The municipality should recover this structure and give its management to some competent organization (see challenge No. 53)
- 51) I think the town should provide new buildings or places where young people can meet and have fun. Also expected to improve the already existing places as the insufficient (see challenge No. 54)
- 52) I think the town should open new sports centers for young people and reopen the disused ones (see challenge No. 55)

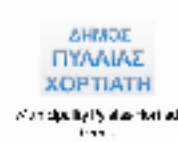

- 53) My municipality should pay more attention to these three problems (see challenge No.56)
- 54) The town should encourage the opening of new premises including privates (bars, clubs, etc...) (see challenge No. 57)
- 55) I think the mayor should organize events or cultural meetings
- 56) I wish the leaders of the town solved this problem reopening the old landfill (see challenge No. 59)

What would like to change and why?

- 1) 6 People replied that they do not need to change anything
- 2) I would like the building of a cinema and a theater especially because the community needs them and also cultural, musical and theater associations to perform shows
- 3) A swimming pool would be great for the economy. In fact, there aren't swimming pools nearby, so many people would come to Castelbuono. But in these times of crisis would be an unnecessary expense (see challenge No. 8)
- 4) I wish our institutions regarded seriously this need which is often underestimated. People with disabilities are people like everyone else, and they must take advantage of all the services (see challenge No. 9)
- 5) I would like that our city think seriously about this problem, because the culture of Castelbuono has always been very important and must continue to be (see challenge No.10)
- 6) I would like, therefore, that all the people committed to clean and reclaim the park, because the park is a property of the town and belongs to us (see challenge No.11)
- 7) I would like this place didn't cause a negative impact on environment (see challenge No. 12)
- 8) The Municipality of Castelbuono should respect the law
- 9) I wish people didn't leave cars in double park
- 10)The municipality should forbid to enter the city centre by car
- 11)More green areas and playgrounds
- 12)The municipality should buy more trucks to collect trash in city centre and countryside
- 13)The municipality should forbid the distribution of alcohol among minors

- 14) Illuminate the streets and make them practicable and safe also at night
- 15) I'd like to change the provision of these services for a cleaner environment and respect of the rights (see challenge No. 20)
- 16) I would like youngsters had more opportunities to play and make new experiences in their free time
- 17) Guarantee of a right sharing of work, giving even more opportunities to work in this time of crisis (see challenge No. 22)
- 18) I would like to change these rules because often you hear of accidents due to alcohol, in the same way cigarettes ruin the health of many people (see challenge No.23)
- 19) I think this service is important for families living in countryside because is not easy to reach the village from the others (see challenge No. 24)
- 20) Young people don't participate in the political life of the city and I'd like to change this situation because we are the future
- 21) I wish many words and promises became facts and objectives, they should enable practical actions instead of impossible things. this concerns the principle of equality of citizens, that is the basis of civil society
- 22) I would like a more exciting city
- 23) I would like to use sports equipment for free
- 24) I would like to improve the social life of Castelbuono because only through it young people can have fun
- 25) Cinema could change our habits through culture because it is important to have a cinema in your city (see challenge No. 30)
- 26) I think the construction of a pool is important because through it you can give new input to the population
- 27) I think that forming a women soccer team is a challenge because the girls have the right to have fun doing what they like, changing the mentality of men
- 28) I think it's important to have a center where young people can meet because they could change the unhealthy habits of youngsters
- 29) This could help children to have fun and socialize, changing the way they approach the outside world and others (see challenge No.34)

- 30) Thanks to this young people could have a better chance to solve their problems because it is important to live peacefully (see challenge No. 35)
- 31) I'd like to transform deserted structures in useful structures for the disabled and the elderly, because they are the most frail part of the society
- 32) I want to change the thinking of young people so that everyone think with his own mind and not like a flock.
- 33) I would like to lower the taxes of the collection for the citizens
- 34) I would like to change the habits of some people who do not know the rules of the road because pedestrians have the right to move in peace
- 35) Building of adequate municipal facilities and not private, so a citizen can access without high costs
- 36) To Improve and broaden conditions so public green have some impact to tourists (see challenge No.41)
- 37) I wish all the streets were cleaner and there wasn't rubbish across the roads!
- 38) I wish there were more cultural exchange projects to participate for many guys!
- 39) I would also change the behavior that many people have towards these people, like the bad habit to occupy the parking for disabled
- 40) All the public transport have to be clean
- 41) I would like the relationship between the mayor and guys was more friendly and we guys had more space for us
- 42) All the citizens should be informed about public problems
- 43) Putting appropriate signals would make easier driving in the streets and would prevent the traffic that hinders the streets (see challenge No. 48)
- 44) So, young people rather than wander throughout afternoons, they could do something healthy! (see action No. 46)
- 45) The municipality should change the relationship between the city and citizens, they should work together for the good of society and the development of the city
- 46) By offering this service, the city would give a job to people and contribute for a healthy nutrition of children (see challenge No. 51)

- 47) For years, deer and wild boar have been roaming in our Woods, many farmers are in crisis because these animals eat their livestock, farmers are also against these animals because they damage the crop (see challenge No. 52)
- 48) I would like to change the situation of this structure, because could help the tourism in our city and give employment to many people (see challenge No. 53)
- 49) I'd like to change people's attitudes so that they give more space to young people giving him the opportunity to have fun. I would also like to change the mind of young people to give them the respect for the public places
- 50) I wish there was more active sporting life
- 51) I wish the young of Castelbuono did not go out of town for having fun
- 52) I would like to change the mentality of inhabitants of Castelbuono, and make them more interested in culture because I would like to end the disinterest towards culture and politics
- 53) I would like to change the city council because I'm not satisfied of their work
